

## Image Reproduction Guidelines

The State Historical Society of Iowa charges a use fee based on its ownership of the physical materials in its collections; this fee represents no claim to copyright any of the materials in question, although the society may hold copyright to some of those materials. Payment of the use fee does not constitute, and should not be viewed as, permission by a copyright holder to reproduce works that are copyrighted. Users must determine if their use of the image(s) invades copyright, rights to privacy or other rights.

### Conditions for Image Reproductions

1. Written permission must be obtained from the State Historical Society of Iowa to reproduce or publish images from its collections. The State Historical Society of Iowa reserves the right to charge a fee for reproduction privileges, and for rental, purchase, and postage and handling of photographic materials.
2. The right to reproduce materials held in the State Historical Society of Iowa collection is granted on a one-time basis only, and only for the purpose as listed on the permission form. Any further reproduction of this material is prohibited without the express written permission of the State Historical Society of Iowa.
3. The State Historical Society of Iowa does not claim to control the rights of reproduction for all materials in its collections. The publishing party assumes all responsibility for clearing reproduction rights and for infringement of copyright, and agrees to hold harmless the State Historical Society of Iowa, its officers, and employees from any action involving infringement of the rights of any person or heirs or descendants in common law or under statutory copyright.
4. In giving permission to publish a manuscript, photograph, or other item from the collections, the State Historical Society of Iowa does not surrender its own right thereafter to publish the manuscript, photograph, or item, or to grant permission to others to publish it.
5. Credit must be given to the State Historical Society of Iowa, and the creator of the item (e.g. the author or photographer) if known.
6. Images may not be digitally enhanced or digitally changed in any way. Any use of an image other than as a straightforward reproduction of the print received must be cleared, in writing, by the State Historical Society of Iowa.
7. Images authorized for reproduction under this license agreement may be scanned for production only. After completion of production, only scans necessary for reprinting the project may be retained.
8. If permission is granted for the publishing party to photograph, film, or videotape any materials in the State Historical Society of Iowa collections, it is for one-time use only, and project materials will not be re-used after the completion of the project.
9. Additional conditions apply to electronic reproduction of State Historical Society of Iowa materials (including, but not limited to Internet and CD-ROM). Image resolutions for electronic applications should be no greater than 150 dpi. Rights for electronic reproduction of State Historical Society of Iowa materials are assigned for a maximum time period of 5 years from the date of this agreement.
10. The State Historical Society of Iowa is to receive one complimentary copy of the publication (or notification of website address) containing the materials listed on the permission form. In the case of motion picture films, filmstrips, or slide shows, the publisher will undertake to send still photograph(s) as used in the final product. In the case of videotapes or CD-ROM, the publisher will send a copy of the videotape or CD. If the work consists of more than one cartridge or disc, the cartridge or disc on which the title and picture credits appear will satisfy this requirement.

In all cases, the State Historical Society of Iowa reserves the right to deny a request depending on condition of materials, staff availability, and in accordance with Iowa law or U.S. copyright restrictions.
