Blaming vs. Responsible Statements

It’s her fault that I’m late...
I’m sorry I’m late. What did I miss?

He made me miss the ball...
We bumped into each other. I’ll get it next time.

You didn’t tell me what to do...
I wasn’t listening. Could you tell me again?

She didn’t clean up...
We haven’t cleaned up yet. We will do it now.

Things I am Responsible for:

A Responsible Person... Anchor Chart

A responsible person...

...does what they say they will.

...follows directions.

...does what they are told to do.

...makes good decisions.

...tries their best.

...is kind to others and their property.

...doesn’t make excuses.
This photograph shows open trash cans along a street in New York City in April 1943. Picking up litter is part of being a good citizen. If you are walking through a street and you see a bag floating through the air, pick it up and fill it with other trash you find. If you see a full bottle of water on the side of the road, make sure you have gloves on unless the bottle is empty, then pick it up then put it in recycling. This photograph shows a large compost pile in 2014. Responsible citizens make composting areas. Composting is a process to create clean, rich soil that will grow just about anything. Composting helps reduce garbage in the landfill and makes rich soil for planting. Courtesy of Pixabay, Zimmer, Manfred A., 6 August 2014

Environment

All the physical surroundings on Earth are called the environment. The environment includes everything living (people, animals, plants) and everything nonliving.
