**Book Synopsis:** *Sweet Corn and Sushi: The Story of Iowa and Yamanashi* by Lori Erickson tells the story of international friendship. In 1959, Yamanashi, Japan was struck by two typhoons. Iowan Richard Thomas wanted to help, so he organized an “Iowa Hog Lift” which flew 35 pigs to Yamanashi. This gift started America’s first sister-state relationship with Japan.

**Connection to Iowa History**

Yamanashi, Japan suffered two typhoons in less than a month in 1959. Typhoons are much like hurricanes and bring strong winds, rain and destruction. Master Sergeant Richard Thomas, an Iowan, served in the U.S. Air Force and thought of a creative way to help the people of Yamanashi. He organized for 35 hogs to be donated from Iowa farmers and flown to Yamanashi by the U.S. Air Force. The people of Yamanashi repaid the kindness by sending a “Bell of Friendship” to Iowa in 1962, which is located on the Iowa State Capitol grounds. The connection between Iowa and Yamanashi established a sister-state relationship in 1960, the first between the United States and Japan.
